

Instructions:

Please fill in the 3 pages of the application as completely as possible. Note that shaded areas are NOT to be filled out.

Page 1 Client Information -- Identifying information about you, and your spouse if you have one.

Page 2 Planning Analysis -- Information about your NET TAKE-HOME pay and living expenses on a MONTHLY basis. Wherever you don't have exact numbers, fill in your best estimate. Remember the numbers are to be monthly averages, based on the results over a full year, so don't just use last month's electric and gas bills as your numbers for that category.

Page 3 Creditor Analysis -- Fill in required information from the most recent statement you have from each of your creditors. Fill in under each column heading except "#", Waive, Adj. payment, and Adj. interest.

If you have questions about completing the application, please call Bill at (713) 467-9477
